

FORMATION OF DOWN SYNDROME RESEARCH GROUP

From Left Asst. Prof. Dr. Ershadul Haque, Sarder A. Razzak, Dr. Toru Yoneda, Prof. Dr. Hakim Arif and Dr. Sonia Sultana

Down Syndrome Society of Bangladesh in collaboration with Department of Communication Disorders, University of Dhaka has taken an initiative to form Down syndrome research group to render diversified research studies on people with Down syndrome in the national and global communities and are prepared to offer their time and skills

to help us fulfill our mission, aims and objectives.

We welcome professionals, caregivers, parents to join the group...who are strongly committed to improving quality of life for people with Down syndrome nationally and globally.
